District 8 Schoolhouse

We, the members of the Oxford Historical Society,

Dedicate this schoolhouse to the children and teachers

Whose voices echo here still, to the children of Oxford,

And to all those who lead children in the paths of

Knowledge and righteousness.

District 8 Schoolhouse

The schoolhouse was built in 1872 at a cost of \$1,376.00 including furnishings and was located in Merriam District, North Oxford, Ma. The school closed around 1900 when the Conmins School was opened.

In 1928 James Contin moved the school across Pleasant Street to his farm, where the building was used for various purposes including a tack shop, a barn for bulls, horses, and other small animals. It was used as a golf pro shop from 1970 to 1981. The schoolhouse was donated to the Oxford Historical Commission by owner Julia Dupont in 1981. At that time it was moved again across Pleasant Street where it was placed on timbers.

In 1994, the Oxford Historical Society was formed to raise funds to move the District 8 Schoolhouse to the Town Common. In March of 1995, the Oxford Board of Selectmen voted 4 votes yes, one vote no, to allow the Historical Society to place the school on the Common.

The Schoolhouse was moved on July 15, 1996 amidst much fanfare. There were about 100 people on the Common to see the Schoolhouse arrive. "It was like the Queen arriving", "It was just so exciting" some said. Some others questioned why the Historical Society was doing this project. But we knew what the schoolhouse would look like once we restored it and also we wanted to use this building for summer programs for the children of Oxford. We had vision. The following is the sequence of events:

6/27/96 Jim LaMountain dug the cellar hole.

6/29/96 Phil Bedard and Mark Bedard of Depot Road Leasing put in the footing forms. Louie Esposito of L & L Concrete poured the cement.

7/13/96 Mark & Phil and others got the Schoolhouse ready to move.

7/15/96 Moving Day! The weather was cloudy with a threat of rain. The move started about 10:00 A.M. The Schoolhouse was moved 5.5 miles from Pleasant Street, North Oxford to Oxford Common. Phil and Mark and company moved the Schoolhouse from the trailer to the timbers once they arrived on the Common.

7/20/96 The Schoolhouse was rolled over the cellar hole. Shortly after that, the foundation forms were put up and the cement poured by Louie Esposito.

8/1/96 The foundation was back filled.
