Conservation Commission Policy on Closing a Public Hearing

It is the Commission's policy not to close a public hearing until all final reviews and reports by third parties, consultants or town staff are received in writing and the Commission has had sufficient time to assess the information.

The Commission will not close a public hearing prior to the Department of Environmental Protection (DEP) issuance of a written Notification of Wetlands Protection Act File Number.

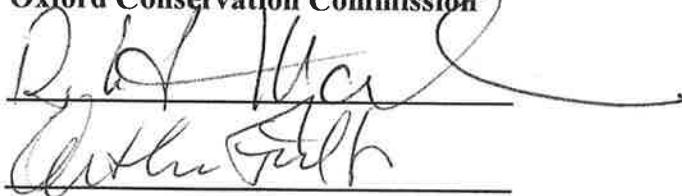

If an applicant elects not to agree to a public hearing continuation, their project may be denied due to lack of information.

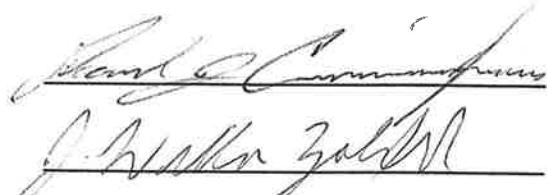

A Public Hearing Continuation Agreement Form shall be used to document the applicant's agreement to continue a public hearing. A written or email request to continue a public hearing will also be an acceptable form of agreement.

Date Adopted : February 17, 2016

Revised : November 21, 2018
